Introduction

Asset Recovery Technologies (“ART”) is an engineering-based **disaster response firm** specializing in the cleaning and recovery of **electronic, mechanical, and high-tech equipment** including scientific and IT equipment after **fire, flood, or catastrophe**. ART utilizes state of the art scientific techniques to clean and recover assets such as computers, network communication and broadcast equipment, phone switching systems, electronic manufacturing equipment and other machinery, restoring them to their pre-catastrophe condition.

- Computers, servers, networks,
- Cellular & telephony equipment
- Radio/TV transmission equipment
- Medical electronic equipment
- Scientific & Technical
- Manufacturing equipment
- Machinery
- Logistics & materials handling systems
- Rotating machinery, generators, motors
- Avionics
- Military Equipment
- All type of electrical/electronic and mechanical equipment

Core Competencies

Disaster Recovery: Fire Flood, Explosion, Chemical Contamination, Construction Debris & other Catastrophe

- **Restoration & Recovery Services** – ART’s restoration services include cleaning and decontaminating high tech assets from smoke, soot, corrosion, moisture, water and many other invasive occurrences.
- Chemical testing to establish the level and nature of contamination on equipment and premises.
- ART establishes an immediate plan for recovery within a matter of hours.
 - Full decontamination performed, water/moisture/soot/smoke/chemicals/dust/contaminants
 - Labeling, de-cabling, and relocation and set-up of IT and other equipment to safe environment
- **Risk Assessment: Consultation, Evaluation, Reporting**
- **Disaster Recovery Planning**
- **Post Disaster Project Management, Vendor Management & Direction**
- **Disaster Clean-up Trainers**

Regular Clean-Up & Preventative Maintenance

- Removal of harmful operating dust and contamination build-up
- Network moves
- Keyboard and control panel cleaning

Differentiators

- 9/11 Responder
- Nationwide Services
- Wide Array of Services
- Extensive Experience
- Major Disaster Experience
- Certified Technology Restorers CTR™

About Us: ART was founded by a woman electrical engineer, Lawrie N. Hollingsworth in 1994. Growing out of a related firm who performs engineering analysis for the insurance industry, ART brings many years of engineering and experience in the recovery of disasters. Unlike many competitors, ART personnel are technically trained with years of experience specifically in post-disaster recovery of technology equipment. ART has worked for virtually every major insurer, and many federal, state and local governments. ART was a proud responder to the 9/11 catastrophe as well as Hurricane Katrina, Hurricane Sandy, and many other natural and man-made disasters.

NAIC Codes

- 541519 Computer disaster recovery services
- 517911 Long-distance telecommunication resellers (except satellite)
- 541512 Computer hardware consulting services or consultants
- 541513 Facilities (i.e., clients' facilities) management and operation services, computer systems or data processing
- 561720 Janitorial Services
- 562910 Remediation Services
- 811219 Other Electronic and Precision Equipment Repair and Maintenance
- 922190 Disaster preparedness and management offices, government
- 562190 Remediation and clean up of contaminated buildings, mine sites, soil, or ground water
- 562910 Asbestos removal contractors
- 541330 Environmental engineering services
- 541990 Equipment Appraisal-providing expert value of goods, other professional, scientific, and professional

Past Performance of Disaster Recoveries:

- 9/11 Responder for the New York Telephone Exchange and other 9/11 sites
- Hurricane Katrina Responder-Numerous sites

Numerous hurricanes, natural and man-made events
Clients include: Verizon, US Cellular, Zurich Insurance, The Hartford, Travelers Insurance, International Paper, Orange County (FL), NASA, City of Chicago, City of Milwaukee, Grand Ole Opry, and numerous Fortune 500 companies, and Federal, State, & Local governments.

- Women's Business Enterprise Certified (WBE)
- Women Owned Small Business (WOSB)
- Certified Disaster Recovery Planners, (CDRP- CBBP)
- Certified Machinery & Equipment Appraisers (CMEA)
- Certified Technology Restorers (CTR)
- Small Business
- ASD Certified Fire/Water

Payment: Accepts Master Card/Visa, American Express and terms
